Docket No. 98N-1265
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I was always sick and in the doctors office. I weighed between 98 + 104 pounds. I was also weak and tired alot. My doctor started me on this medication years ago and I'm 140 pounds strong, happy & healthy. This medicine has helped me alot!!! I can only get 30 pills monthly. It is mailed to me, so if I can't get it from my local pharmacy then I can't get it at all. The only place I can get it is Women's Health Group. This is the only pharmacy that offers women's needs as far as hormones, PMS, and ideas and suggestions. You can call and talk to them anytime you need to, even if I'm zillions of ~~hundred~~ miles away. Please leave my medication alone.

Please fold, seal, and mail by March 22
